

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for KEYSER CITY OF, WV3302915

Our water system violated drinking water monitoring requirements within the past year. Even though these were not emergencies, you, as our customers, have a right to know what happened and what we did to correct the situation.

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During periods listed in the table below, we did not monitor or test as required and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the monitoring we did not conduct, how often we are supposed to sample and when the samples should have been taken.

Required Monitoring	Required Monitoring Frequency	Compliance Period
Disinfectant By-Product (DPB) sampling. Monitoring for Haloacetic Acids (HAA5) T e 27	<u>Quarterly</u> 1. Failure to monitor at Keyser Police Station 2. Failure to monitor at Waste Water Treatment Plant	1 st Quarter 2023
Disinfectant By-Product (DPB) sampling. Monitoring for Trihalomethanes (TTHM) T e 27	<u>Quarterly</u> 1. Failure to monitor at Keyser Police Station 2. Failure to monitor at Waste Water Treatment Plant	1 st Quarter 2023

What happened? What is being done? (Describe corrective action)

The samples, listed above, were taken on January 31st 2023 at 11:11 a.m. at the Waste Water Treatment Plant, and 11:25 a.m. at the Keyser Police Department. They were taken outside of the compliance period of February 1st 2023 – February 28th 2023 which resulted in a violation. The samples that were taken were tested and the results were perfectly fine and the water is safe to use. We here at the Water Plant are working hard to ensure that this does not happen again and will continue to monitor in the required monitoring periods.

For more information, please contact Justin Gray at 304-788-3913 or by mail at 111 North Davis Street, Keyser WV 26726
